MEMORANDUM FOR COLONEL EARL McFARLAND,
AIR FORCE REPRESENTATIVE TO THE
GUIDED MISSILE INTELLIGENCE COMMITTEE

SUBJECT: Site Designation for Soviet Surface-To-Air Missile Sites

1. Reference, Memorandum For Members, Guided Missile Intelligence Committee, subject as above, dated 23 December 1957 and subsequent telephone conversation between Colonel McFarland, Guided Missile Intelligence Committee and Lt. Col. R. L. Lander, AFCIN-3A1c.

2. As stated, via telephone conversation, AFCIN-3 concurs with paragraphs one and two of the referenced memorandum.

3. However, AFCIN-3 does not concur with paragraph three of subject proposal inasmuch as this Directorate has the primary responsibility for the location and identification of guided missile facilities including launching sites. Furthermore the determination of the center point for surface-to-air missile defended areas is a matter of target intelligence.
